In this fourth lesson, we learn what James has to say about enduring trials. James shows us that we can endure trials if we put all the right conditions in place. I have listed six. You may be able to find more to add to the list above, and you're welcome to accept the challenge. However these six will be enough for our present lesson...

1 ~ We can endure trials if we see a good purpose in them.

James 1:2-4 “Count it all joy, my brethren, when you encounter various trials, knowing that the testing of your faith produces endurance. And let endurance have its perfect result".

Trials in life build our character, develop our strengths, and teach us to rely upon God. A baby struggles to walk, but once the child has learned to walk, wasn't the struggle worth it?
