the Bible’s own answers to the questions it raises, and the Bible’s own interpretations of itself.

**Fourth Untruth**

“The Bible is Out of Date”

The Bible is an ancient book. Even the New Testament is nearly 2000 years old, and the Old Testament is older still.

Many people take the attitude that anything more than 25 years old is incomprehensible and so far out of date as to be shrouded in the mists of time. Well, honesty is thousands of years old. So are justice and mercy. So are courage and love. You can think of a lot of things that are ancient, yet by no means past their ‘use by’ date. The Bible is about such things (Mic 6:8, Gal 5:22-23).

The world’s most ancient problem is sin, yet the problem still exists and still needs to be solved. The solution to sin is also ancient, yet it is still the only solution that has ever been found. The only way to reconcile man with his Maker is an ancient way. The only place where that solution is revealed, is in the Bible. The Bible is old but not out of date because it tells us about Jesus the only way to God (Jhn 14:6). Moreover, it tells us about the future coming of Jesus (2Pe 3:8-14). Thus, the Bible will never be out of date while ever Earth remains.

**Untruths About God’s Truth**
